O'CONNELL'S FORMALWEAR

Tuxedos - This Fall marks a new frontier for men's formalwear as O'Connell's introduces the custom fit Southwick tuxedo program. This collection is made in Southwick's Massachusetts workrooms using O'Connell's own 9.5 ounce merino worsted wool, a remarkably wrinkle-resistant year round fabric. In stock O'Connell's will offer a classic single button notch lapel, center vent coat with satin facing.

Customers can choose either straight front or pleated trousers (or both) in whichever size or rise works. The garment can also be made to measure for special fit or styling requirements. The wrinkle-free fabric travels well and looks crisp no matter how long the evening lasts.

Vests - O'Connell's presents an assortment of formal vests in stock including the versatile adjustable backless vest model.

Braces & Jewelry - O'Connell's boasts a vast selection of braces and formal cufflink and stud sets to complete your special event wardrobe.

Sea Island Dress Shirt

In a class of its own...

...our Sea Island Cotton Dress Shirt

No cotton broadcloth shirt is finer than our white sea island cotton dress shirt. Available in both straight collar and buttondown these shirts promise to be the smoothest most luxurious fabric to drape from your shoulders.

The New York Times Style Magazine

O'Connell's was featured in the New York Time's 'T' Style Magazine! Just google "buffalo hunting nyt" to read it or visit the link on our homepage, oconnellsclothing.com

O'CONNELL'S GOATSKIN BARACUTA

Inspired by the iconic all-cotton British G9 Baracuta, O'Connell's introduces an American cousin- our leather baracuta in a mahogany goatskin. Still traditional and timeless in design and style, this leather version presents a hipper, edgier, and thoroughly rugged take on the original. Much like the cotton G9 though, this leather baracuta will only improve with age. Made in USA.

THE ALDEN INDY BOOT

The boot made famous by Indiana Jones during the course of his global adventures is now available at O'Connell's. This ankle boot, designed and produced by Alden of New England, features a ten-eyelet eight hook closure, topstitching across the front, and an ultra-sturdy trooper-quality vibram sole for maximum durability. Furthermore, the boot is made with waterproof brown kudu leather outers with

full leather lining to stand up to the rigors of our climate. Step out in a pair of our Indy boots and be prepared for any sort of adventure that awaits. Handmade in The USA.

WIGENS HATS & CAPS

From the small town of Tranas in Sweden Wigens has been manufacturing fashionable (and functional) headwear for over 100 years. What makes a Wigens hat exceptional is twofold- quality materials and detailed craftsmanship. Testament to the high level design and craftsmanship is the fact that a Wigens hat requires no break-in period and will last a lifetime. For Fall choose from a variety of fabrics and styles including Gore Tex lined polartec fleece baseball and traditional caps, cashmere/wool fitted baseball caps, genuine harris tweed caps (most with fold under ear flaps), and a cap featuring a Loro Piana storm system that offers total rain and wind protection yet is perfectly breathable. To view the entire line visit O'Connell's and follow Wigens' sage words of advice- Use Your Head. Made in Europe.

Samuelsohn

Our Samuelsohn-made basket weave sportcoat is a fall inspired chestnut shade that offers a bountiful array of accent colors for pairing with sportshirts or ties. As compared to our heartier harris tweed fabric, this wool and cashmere blend is a lighter softer tweed far more elegant in appearance and texture.

Take Note: For a change of pace rather than coordinating a tie or sportshirt with this sport coat, start with a classic blue oxford shirt and color coordinate an eye-catching pocket square or the perfect shade merino wool hosiery from O'Connell's vast collection.

SALKO IS AT O'CONNELL'S

Salko 'Abado' Men's Loden Coat - Raglan coat with minted leather buttons, split removable plaid wool lining, and a zippered interior pocket.

SALKO of AUSTRIA - Loden is a water-repellent fabric consisting of 85% wool and 15% alpaca. The high quality loden materials used to make a Salko coat are breathable, soft and flowing, and water-repellent thereby guaranteeing the highest carefree wearing comfort. The authentic stag horn buttons with fabric protecting slanted edges are partially hand-sewn. Greatest importance is attached to the finishing of the traditional (tracht) elements, which are partially handmade with extraordinary effort. Handmade split piping buttonholes, edges and decorations in contrasting colors are typical elements of the "Austrian Style".

Salko 'Sand' - A 'Hubertus'/Tyrolean' model Salko with suede piping, collar clip, and minted leather buttons, split removable lining, and a zippered interior pocket. Available in Classic Olive Green and Charcoal Grey.

Salko 'Graz-K' Ladies Loden Coat - Slightly fitted knee length coat, handmade button holes and base collar in contrasting pattern. Dragoon style back with real stag horn buttons.

DOG BREED TIES - NOW AVAILABLE - 100% Silk, 3½", a great gift!

Beagle - Cocker Spaniel - Rottweiler - Mini Schnauzer - Boston Terrier
 Maltese - Chihuahua - Dachshund - Bulldog - Shih Tzu - Poodle - Black Lab
 Golden Retriever - Pug - German Shorthaired Pointer - Yorkshire Terrier

F.Y.I. O'Connell's has **Topcoats** and **Overcoats** in all weights, fabrics, colors and lengths.

Barbour®

FOR MEN

Barbour Chelsea Polarquilt - Mid length jacket with diamond quilting and a modern, slim cut. This fleece-lined version features a corduroy inner collar, two-way front zip under studded front and adjustable studded waist tabs. Innovative features like the snap hand-warmer pockets, to a right hand zip pocket, to its warm polarquilt material make this jacket a perfect choice autumn through spring. Snap storm flap and two-way zipper, and contrasting lining detail in the collar. In brown. 100% cotton body. Washable.

Barbour Northumbria Jacket - Made from Barbour's 8 oz heavyweight sylk oil waxed cotton, the Northumbria is best equipped to defend against the nastiest Buffalo weather. This 3/4 length oilskin will cover from chin to knees and affords the fortunate owner a smile no matter how adverse the conditions become.

Barbour Mens Notting Shirt is made from 100% cotton with a delicate classic tartan check and thick quilted lining for extra warmth. Classic Tartan or Cardinal Tartan. Machine washable.

FOR WOMEN

Barbour Kate Utility Jacket - The ever-popular Women's Utility is now available in four colors: navy, rustic brown, olive, and black, each sporting an authentic *Liberty of London* print interior. As this is a limited edition offering once our supply is exhausted there will be no more.

Rustic with Liberty 'Strawberry Thief' Lining

Black with Liberty 'Poppys' Lining

Navy with Liberty 'Peacock' Lining

Olive with Liberty 'Mirabelle' Lining

Barbour Memory International Trench - Functional waterproof garment, Barbour's iconic trench coat style. Elasticated belt, and features Union Jack embroidery. Thermal lining for colder climates.

▼ **Light Weight Cotton Flannels** (Bills Limited Editions) - Weekends were made for the relaxed mood of a cotton flannel shirt. These are so light weight and soft, you won't mind if the winter season over-stays its welcome. Button-down collar, single pocket. 100% Cotton, made in U.S.A.

◀ **The Billings Shirt** (Bills Limited Edition) - A perennial best seller by the first snowfall - choose from two new patterns in Bill's Khakis heavyweight yet plush all cotton flannel. Made in U.S.A.

Cramerton Cloth ▶

Cramerton twill was the 'twill of record' during WWII. The same holds true today. It doesn't get any more real than this beefy 9 oz. fabric.

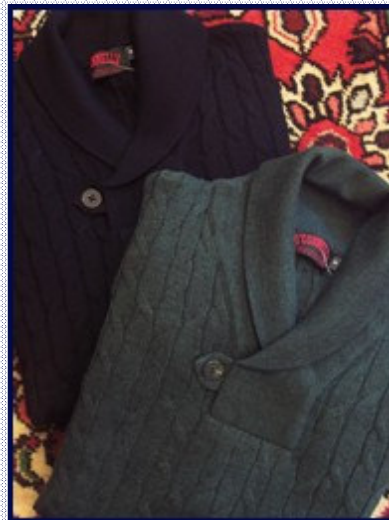

◀ The newest color in Twills - **Loden** - a softer olive tone.

▲ **Bills Khakis Retro Fleece Jacket** - 300 weight Sherpa fleece with signature trim details. Made in U.S.A. Machine Washable

O'Connell's never ending quest to offer the genuine article from finest manufacturers has uncovered the premier maker of traditional tweed field coats. Chrysalis Clothes of England, a leading manufacturer of outdoor clothing, presents us with that unsurpassed quality that our customers expect. Family-owned and managed, Chrysalis owner Chris Blackmore recently shared the following insights:

How long has Chrysalis been manufacturing outerwear, has it always been a family business?

Chrysalis was established in 1985 in Corby, Northamptonshire in the Heart of England to meet the need for higher quality garments in the town and country clothing area. I am an experienced tailor with a background in quality menswear and actually met and married my wife, Annette, while we were both working in the clothing industry. We now run the company together. We continue to be dedicated to achieving the highest standard of tailoring using the highest quality piece goods. This, combined with the commitment of our highly skilled staff of 30 has pushed Chrysalis Clothes to the forefront of the market.

A Royal Visit
Chrysalis Owner and Managing Director **Chris Blackmore** with The Princess Royal - **Princess Anne**

From where do you procure the tweed used in your garment? Where is the largest demand for your product?

The garments are made in the finest English and Scottish Tweeds and are synonymous with stylish outerwear. Each garment is individually hand cut and tailored in the traditional way before being exported all over the world. Exports currently account for over 50% of total sales with the strongest markets being the USA, Germany, the Benelux countries and Scandinavia.

How has your company grown in the last 25 years and what have you observed with the British outerwear industry?

The product line has grown and evolved from traditional field coats for the outdoor sports and shooting market to a comprehensive range of mens and womens town & country outerwear which includes topcoats, field coats & jackets plus shooting waistcoats. The industry has changed dramatically over the years with relatively little still produced in the UK. Chrysalis is an exception - Our motto is " British Made from British Cloth ".

BUILD YOUR OWN CHRYSALIS

Step 1 - Pick a Model

◀ **Chiltern Model (Mens)** - A full raglan sleeve model with two-way zipper. Includes inside security pockets, patch and flap outer pockets, and moleskin lined hand warmer pockets.
